Dear Philly,

We want to thank you for the beautiful work you did on our home. We love our two new master bedrooms and baths.

You and your crew were always very respectful and polite while working at our house. You made sure the work area was kept clean. That was especially important to us because of our young children. There were absolutely no hidden fees. In fact you found ways to help us save money. You were so easy to talk with and especially patient with us as we made changes to our plans time and time again. The completion of our addition was right on schedule to the timeframe you gave us when we first met. We would most definitely recommend Advanced Additions, Inc. to all of our friends and family.

Sincerely,

Salvador & Machelie Hurtado

Dear Philly:

We wanted to commend you on your excellent service and expertise in every step of our remodeling and room additions. You are undoubtedly the most meticulous person in the construction trade and anybody who is lucky enough to find you and hire you to work on their home will be more than satisfied just as we are. We highly recommend you and your company to anybody looking for quality work with attention to detail. Thank you so much for making our remodeling experience a wonderfully memorable one!

Kindest regards,

Martin & Julie Tirado

To Whom It May Concern:

We would like to state that Mr. Juan Gomez, owner/contractor for Advanced Additions, performed all their work in a professional manner. Mr. Gomez was very flexible in working with us in regards to scheduling and did a very good job of explaining all charges. There were absolutely no hidden charges and Mr. Gomez delivered all that he promised in his work contract. He did a very good job of working with the county building inspectors. All of his workers were very professional and performed their jobs very well. Mr. Gomez made some very good recommendations that not only saved us money but enhanced and improved our home. He is easy to work with and made our experience very pleasant. We would definitely recommend and use his services again.

Regards,

Mauricio and Patty Chavez
